VACUUM MICROTOOL KIT, STATIC DISSIPATING DESIGNED FOR CLEANING MAIL PROCESSING AND COMPUTER EQUIPMENT

Compatible with 1 1/2" cuff or primary wand.

Micro Tool Kit (USPS Reviewed)

The Micro Tool Kit includes a reducer conical, a straight extension, a curved extension, a crevice tool, a round dusting brush, and an oval dusting brush. All pieces are ESD safe and will fit with the 19" primary wand (N1023364), 14" extension wand (N1023362), curved wand (N1023376), 1 1/2" hose or hose cuff, and Universal Adapter (N1023607). Outlet dimensions for all kit components: 1 1/4" ID, 1 1/2" OD. Kit meets Statically Dissipative USPS Preferred Range. Wrist strap should be worn at all times when using this kit without exception.
